## *Scout Skills Weekend*

This weekend will be all about the skills you've learned as a Scout. We will arrive on Friday evening and depart on Sunday morning. You will be tested on your ability to think and act as a patrol not as a bunch of individuals. You will also be tested on your ability to not only know, but to live by your Scout Skills. The weather may be cold, warm, wet or dry...but you as a Scout will Be Prepared for what ever Mother Nature can and will throw your way.

### **Highlights**

- Dutch Oven Cooking
- Fire Pits where we can actually have fires
- A place where cell phones don't work
- Heated latrines
